

JOIFF Two Day Firefighter

This course provides the revalidation training for the industrial fire-fighter to demonstrate maintenance of competence required for re-certification.

Pre-Course Requirements

Certified satisfactorily completed initial training. Learners must be physically fit to participate in all aspects of the training.

Aim

Confirmation of skills learnt in earlier training and to update or develop new techniques to enhance best working practices.

Learning Outcomes

The learning outcomes are:

- Utilise best working practices and procedures
- Search and rescue - casualty handling
- Selection and use of portable fire equipment including foam making branches and in-line inductors
- Conducting and controlling breathing apparatus operations
- Maintaining communications
- Preparation to enter the incident area
- Gaining access to the incident area
- Practise techniques employed in firefighting operations.

Duration

2 days.

Accreditations

On successful completion of the training, delegates will receive a *JOIFF Certificate of Competence*.
