Skills

Ensuring your fire and rescue response teams have the skills and confidence to respond effectively. Designing, delivering and assuring theoretical, practical and digital training packages for delivery at IFTC and at your site.

Working with the wider Serco capability to give you help where and when you need it, with fire service apprenticeships, emergency planning and leadership development.

Advice

Audit and assurance services for your fire response capability, offering you peace of mind on your compliance. Reviewing your tasks, plans and resources, using fresh, tested minimum resource tools.

Accessing wider Serco capability on integrated risk planning and fire service asset management, so you continue to maintain capability at full efficiency.

Resource

Helping you to recruit the right personnel at all levels of your fire service, to provide you with the team you need, when you need it and where you need it. Working with you on new ways to use the training resources you have, to best effect.

Drawing on Serco's expertise in fire service management to give you options on transformation projects and outsourcing.

About IFTC

The International Fire Training Centre is a leading global resource offering an unrivalled range of specialist training, educational and consultancy services to the firefighting community worldwide.

We produce elite, fully accredited firefighters of the highest calibre, who have the skills, knowledge and confidence required to protect and safeguard your people, assets and reputation, even in the most extreme environments.

In addition to our world class training and educational programmes, our international network of trusted and experienced fire specialists provides expert consultancy services to clients worldwide.

As a progressive, groundbreaking organisation, for over three decades we have built a proven reputation for sustained innovation, unparalleled industry knowledge, and customer service that is second to none.

Train on our 19 acre fire training ground, complete with multi scenario rigs for exercises across a range of industries.

Immerse yourself in our *Command and Control* virtual reality system to deal with realistic emergencies, within a safe classroom environment.

Learn from our highly skilled and experienced instructors to give you the knowledge and confidence to carry out your role effectively.
