

Breathing Apparatus Wearer - 5 Day

New pic TBS?

Providing the students with elements of theoretical and practical training in the use of Self Contained Breathing Apparatus (SCBA). This will enable each student to be fully aware of the basic guidance procedures required for safe and effective use of SCBA.

Pre-Programme Requirements

Personnel nominated to attend this course will require:

- A basic knowledge of breathing apparatus and a general understanding of Fire Service terminology.
- Be physically and mentally capable of meeting the requirements of the course
- Suitably competent to wear breathing apparatus

Duration

5 Days.

Aim

To provide the student with elements of theoretical and practical training in the use of *Self Contained Breathing Apparatus (SCBA)*. This will enable each student to be fully aware of the basic guidance and procedures required for the safe and effective use of SCBA.

Objectives

At the end of this programme candidates will be able to demonstrate their ability to:

- To be aware of the current guidance affecting the safe use of SCBA
- To fully understand the use of the apparatus
- To be able to don and doff the apparatus in accordance with the manufacturer's instructions
- To have a full understanding of the safety and control procedures when operating SCBA
- To have worn SCBA in various conditions which could be encountered within the workplace
- To meet the requirements of CAP 168, Chapter 8 (aviation students)
- To demonstrate competency through a written and practical/oral assessment
- To meet the requirements of current legislation

Skills

Ensuring your fire and rescue response teams have the skills and confidence to respond effectively. Designing, delivering and assuring theoretical, practical and digital training packages for delivery at IFTC and at your site.

Working with the wider Serco capability to give you help where and when you need it, with fire service apprenticeships, emergency planning and leadership development.

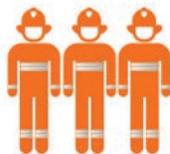

Advice

Audit and assurance services for your fire response capability, offering you peace of mind on your compliance. Reviewing your tasks, plans and resources, using fresh, tested minimum resource tools.

Accessing wider Serco capability on integrated risk planning and fire service asset management, so you continue to maintain capability at full efficiency.

Resource

Helping you to recruit the right personnel at all levels of your fire service, to provide you with the team you need, when you need it and where you need it. Working with you on new ways to use the training resources you have, to best effect.

Drawing on Serco's expertise in fire service management to give you options on transformation projects and outsourcing.
