

# 1 Day Intensive Aviation Fire Training and Exercising Programme

This programme is designed for personnel who would benefit from a skills refresh in a realistic and demanding training environment with exposure to the authentic physical and environmental conditions of a hydrocarbon liquid fire.

## Pre-Programme Requirements

Certified satisfactorily completed initial training. Learners must be physically fit to participate in all aspects of the training.

## Duration

1 day.

## Aim

The aim of this programme is to provide fresh scenarios to test your crews in internal maintenance of competence scheme.

Training with kerosene burns and the ability to discharge high volumes of foam and powder be valuable in preparing your firefighters for an emergency.

## Programme Content

- Cat 7 refueling incident.
- Cat 5 incident with light aircraft.
- Cat 9 internal fires including flashover.
- Cat 8 engine and undercarriage fires with search and rescue into the Cat 10.

# 1 Day Intensive Aviation Fire Training and Exercising Programme

*Continued from page 1*

## Objectives

- Provide fresh scenarios to test your crews in internal maintenance of competence scheme
- Training with kerosene burns and the ability to discharge high volumes of foam and powder be valuable in preparing your firefighters for an emergency
- A fresh test and challenge for firefighters with an internal MOC
- High-value development for firefighters in your talent pool
- Additional training for firefighters with identified skills gaps
- Share learning with firefighters from other airports
- Exposure to black smoke burns to meet EASA recommendations.

### Skills

Ensuring your fire and rescue response teams have the skills and confidence to respond effectively. Designing, delivering and assuring theoretical, practical and digital training packages for delivery at IFTC and at your site.

Working with the wider Serco capability to give you help where and when you need it, with fire service apprenticeships, emergency planning and leadership development.

### Advice

Audit and assurance services for your fire response capability, offering you peace of mind on your compliance. Reviewing your tasks, plans and resources, using fresh, tested minimum resource tools.

Accessing wider Serco capability on integrated risk planning and fire service asset management, so you continue to maintain capability at full efficiency.

### Resource

Helping you to recruit the right personnel at all levels of your fire service, to provide you with the team you need, when you need it and where you need it. Working with you on new ways to use the training resources you have, to best effect.

Drawing on Serco's expertise in fire service management to give you options on transformation projects and outsourcing.
